

## INCREASED PROFITABILITY

*Akumi's business solution saved our company time and resources. And while the rest of our industry was either flat or down for the year, we were up almost 22%.*

-Leading skateboard wholesale distributor

## SOX COMPLIANCY

*The outcome speaks for itself - the software application created by Akumi ensured our 100% pass rate for Sarbanes-Oxley (SOX) on the very first testing with external audits from KPMG and Deloitte.*

-Leading telecommunications firm

## GO GREEN

*Akumi was recommended to us and they finished the project that saved us time, measured results immediately, and provided an environmentally conscious solution by continually eliminating the need for paper. Akumi's professional and innovative techniques were exactly what our corporation needed!*

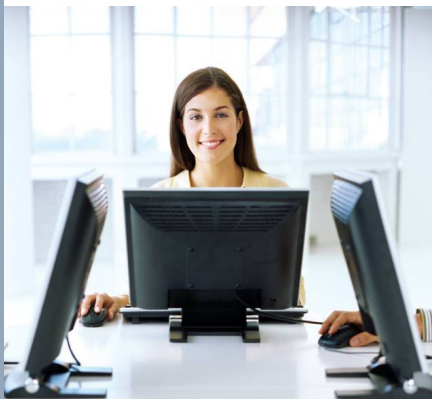

-Leading Japanese chain manufacturer
